CATALOGUE 2024

Digital
Catalogue

A full-page photograph of a woman with long, wavy blonde hair posing on a wooden pier. She is wearing a purple, ribbed, strapless bikini top with a knot detail and matching high-cut bottoms. She is leaning against the wooden railing of the pier, with her right hand on her head and her left hand on the railing. The background shows a calm blue sea, distant green hills, and a clear sky. The lighting is bright, suggesting a sunny day.

DISCOVER WHAT WE HAVE TO OFFER

We are a team of dedicated professionals with over 20 years of experience, with a passion for delivering excellent textile solutions. We specialize in fabric and foam moulding, lamination and custom bra cups.

Preformatex is a leading textile solutions provider with two decades of experience crafting top-of-the-line bra cups for manufacturers and retailers, representing the pinnacle of comfort, style, and craftsmanship.

At Preformatex, sustainability and innovation are at the core of our business philosophy. We actively invest in research and development, exploring new ways to apply materials and create eco-friendly innovations.

MOULDING THE INDUSTRY

since 2002

Our company has been proudly and steadily growing since 2002 when it was formed by our CEO Jose Luis Ruiz. Since then, the company has grown to 35 employees that work to deliver the best products to our clients.

With a global presence, with clients in over 35 countries, we actively participate in prominent fashion events like MareDiModa, Modtissimo and Interfilère, showcasing our exquisite collections and networking with industry experts.

Elevate your creations with the help of our experts on textile solutions!

PRODUCT DEVELOPMENT

Our team guides our clients through the product development process, starting by defining the characteristics of the product and its technical aspects, followed by our design proposal, visualized with 3D graphics or 3D printed prototypes for testing.

Once we have perfected the design, we can fabricate the aluminium moulds with CNC technology, to be used in the moulding process.

Every manufactured product goes through quality controls during the fabrication process and before packing, ensuring high quality standards for our customers.

LAMINATION & MOULDING

Expertly bonding fabrics and foams together, creating durable and versatile materials ideal for various applications. Our laminated fabrics and foam are used in fashion, medical & military applications.

We have +20 years of experience moulding bra cups for top brands in Europe, developing custom models to their specifications.

Our catalogue has **over 200 bra cup models for lingerie, swimwear, and sports**. In this catalogue you can find balconette, classic wire, triangles, monocups, bandeau, push-ups and removable cups.

IN-STOCK ROLLS & CUSTOM

Laminated: **Foam+Fabric** rolls

These ready-to-use rolls come in a variety of colours, thickness and densities, making them the perfect choice for your diverse design needs. They are available in a selection of our essentials palette, and can be bought as rolls of several meters.

Laminated: **Fabric+Fabric** rolls

We also offer the service of fabric lamination, creating a double layer fabric with different finishes and styles on both sides. Completely customizable with your own fabrics, in cotton, polyester, linen or others, with the possibility of laminating lace, tulle, satin, silk and more.

Custom Fabric/Foam rolls

We help you unleash your creativity with our custom lamination service. You have the power to customize every detail. Send us your fabric, and we'll expertly laminate it, with the chosen foam or fabric. You can also choose a specific Colour/Pantone, and we'll craft a unique shade of tint just for you.

Elevate your designs with personalized precision and differentiate your product from the rest.
